Mitsubishi OE Units

MITSUBISHI ELECTRIC

Mitsubishi OE Starter Motors now available to the aftermarket

Wood Auto is proud to announce that it is the UK's first authorised distributor of Mitsubishi rotating electrics.

The initial range of products to be released to the aftermarket covers 19 heavy duty starter motors for commercial applications.

All these starter motors are now in stock. and sold in Mitsubishi packaging.

The Mitsubishi Electric organisation has sales of over $45 billion and employees over 114,000 staff worldwide.

Mitsubishi is a major global supplier of rotating electrics with a 16% market share in both alternators and starter motors.

Major OEM heavy duty customers include Iveco, MAN, Mercedes, Renault, Scania, and Volvo.

WOOD AUTO

MITSUBISHI ELECTRIC
AUTHORISED DISTRIBUTOR

History

A wealth of knowledge from over 80 years experience

Wood Auto Supplies Limited is one of the leading independent manufacturers and distributors of auto-electrical components in the United Kingdom.

Established in 1929 by Mr Reginald Wood as a battery repair and servicing company, it quickly expanded to become one of the UK's leading manufacturers of alternator, starter motor, and dynamo components.

Today, based in Huddersfield, West Yorkshire, Wood Auto operates from over 100,000ft^2 of warehouse and manufacturing facilities, with additional distribution warehouses in Preston, Belfast, Newcastle, and Wakefield.

We are now one of the country's leading distributors and exporters of aftermarket auto-electrical products.

Products

One of the largest ranges of stock in Europe

We are proud to have one of the broadest ranges of rotating machines in the aftermarket, with currently over 5,000 different alternators and starters, and over 30,000 associated components.

Our impressive list of stock items grows daily and covers rotating electrical products and sub-components for standard passenger vehicles, commercial, marine, industrial, and agricultural applications.

Our range continues to expand with ancillary auto-electrical products covering a wide range of bulbs, cable and cabling accessories, coils, switches, terminals, fuses, horns, junction boxes, lamps, sensors, relays, converters, inverters, workshop equipment, and consumables.

Recent additions to Wood Auto include a full programme of diesel fuel injection products, including common-rail diesel injectors and pumps and a complete line of air-conditioning compressors.

Furthermore, our personal approach to all our customers means that we welcome enquiries for non-catalogued items; where we will endeavour to source or remanufacture the unit or component concerned. Wherever possible, our products are sold on an outright basis, without the need for surcharge and return of old core.

Distribution

Excellent service for UK & international distribution

Wood Auto offers a same day despatch service for all orders within the UK, and we actively export to over 80 countries worldwide. We have no minimum order size and we will happily despatch orders from a small packet through to a multi-pallet consignment.

Premium delivery options are also available and special packaging and labelling requirements can also be catered for.

Our website at woodauto.com contains a market-leading database of cross-references as well as comprehensive bill of materials, accompanied by detailed pictures and technical information.

Our account customers also have access to online ordering and stock enquiry facilities.

The website offers unrestricted access to over 5,000 rotating machines, over 30,000 components, and over 200,000 original equipment and aftermarket cross references.

Wood Auto	STR71194

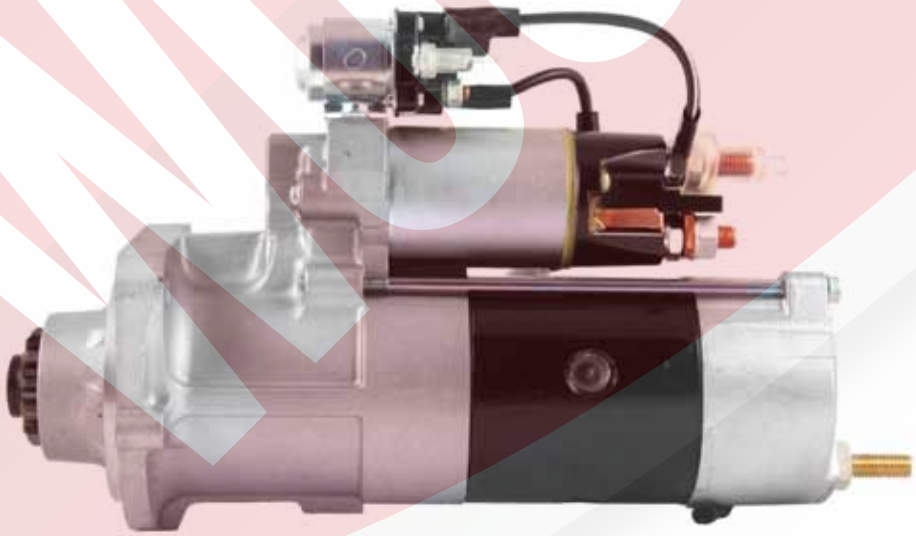

APPLICATIONS:

Renault dCi11Distri	2002-06

WOODAUTO PART NUMBER:

MITM9T61671

SPECIFICATION:

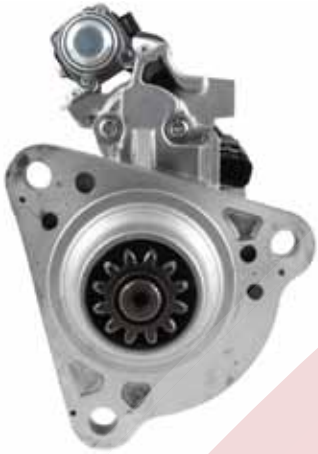

Starter Type	90P55
Voltage	24V
Kilowatt	5.5kW
Teeth	12
Rotation	CW
Weight	8.7kg
Flange Ø	92.07mm
Body Ø	90mm
B Terminal	M10 x 1.5
B Terminal Torque	14.7-17.7Nm
Switch Terminal	M5 x 0.8
Switch Torque	3-5Nm
Mounting Holes	3
Mounting Hole Ø	13.5mm
Mounting Bolt Torque	45-90Nm
